

City National Bank Appoints Prominent Local Contractor Jeff Shaheen as Chairman of its Northern Nevada Advisory Board

RENO, NV – City National Bank today announced that it has appointed Jeff Shaheen as the new chairman of the bank’s Northern Nevada Advisory Board. Shaheen, a prominent local contractor and founding member of Shaheen Beauchamp Builders in Carson City, replaces Randy Kuckenmeister who rotated off as chairman of the advisory board.

Shaheen joined City National’s Northern Nevada Advisory Board in 2007, along with six other prominent business leaders who are still serving on the board today. As chairman of the bank’s advisory board, Shaheen will be responsible for a variety of responsibilities, including the running of each board meeting, assisting with prospecting new referral business, offer product enhancement suggestions, provide input on the economy, take part in bank-sponsored functions, and more.

“We are very pleased to have Jeff step in as the new head of our advisory board in northern Nevada,” said Larry Charlton, Nevada regional executive of City National. “He’s taking over for Randy who served as chairman of the advisory board for the last two years and did a tremendous job. With his strong ties to the markets we serve in northern Nevada, Jeff will be a great support to our business development efforts in this area.”

Shaheen is a prominent member of the business community who has lived in northern Nevada for nearly 40 years. He received his commercial general contracting license in 1995, approximately three years prior to launching Shaheen Beauchamp Builders, LLC. Shaheen has been the general contractor of numerous premier industrial, commercial, retail and medical projects throughout northern Nevada.

Shaheen earned an associate degree from Truckee Meadows Community College. He lives in Reno with his wife of nearly 20 years and two children, and maintains his business offices in Carson City.
